Weathersbee Type Scripts EULA

Purchaser and User are used interchangeably in this agreement.

Weathersbee Type, Weathersbee Design, and Derek Weathersbee may be used interchangeably in this agreement. These all refer to the intellectual and legal property of Derek Weathersbee.

USAGE

By installing accompanying scripts/software, you agree to the enclosed EULA and are bound by this agreement. You can use Weathersbee Type scripts for commercial or personal projects. The purchase of a Script from Derek Weathersbee grants you the license to use the script, not ownership or copyright of the script. The Scripts(s) may not be distributed to other parties (beyond members of a company, as noted below in **Installation and Use** section) or offered for download by any other source than Derek Weathersbee, except for by written consent of Derek Weathersbee. The script may not be used as the basis for another script or combined with another script without the permission of Derek Weathersbee. I appreciate inclusion of "Derek Weathersbee" or a link to derekweathersbee.com where credits or documentation for projects are given, but it is not mandatory.

PAYMENT

Payment is required for the use of Weathersbee Type Scripts. Payment may be made at derekweathersbee.com or any other sources where Weathersbee Type Scripts are legally sold.

SUPPORT

Support in installing scripts can be found on the website for the software for which you are purchasing a script. Detailed instructions for installing the script are provided as part of the Script purchase. Any support beyond these instructions is not guaranteed and according to this license is not required by the seller (Derek Weathersbee). Any purchased file that is proven to be defective or corrupted will be replaced, but no monetary refunds will be given, except at the discretion of Derek Weathersbee.
